

## **AS A MAN THINKS IN HIS HEART SO IS HE**

**“A diamond doesn’t start out polished and shining, it once was nothing special. But with enough pressure and time it becomes spectacular, I’m that diamond.”**

That should be the feeling in your heart. Good morning to one and all, today(8-Aug-2019) I Devansh Tiwari of class 12 A stand before you to speak on the topic ‘As the man thinks in his heart so in he’ and to share the feelings which one should possess in one’s hearts because what you are within is reflected by your personality. So my dear friends never give up have strong will power and have self confidence. I want to narrate a small story.

There was a business executive who was under debt and could see no way out. The creditors were closing on him. Once he was sitting in the garden and an old man appeared for him. He felt his trouble and wrote out a cheque to him. It was for **\$ 500,000** signed by John, **One of the richest men.**

With renewed optimism, he negotiated better deals and extended terms of payments. He closed several big sales. Within a few months he was out of debt and making money once again.

Exactly one year later, he returned to the park with the un-cashed cheque. The old man appeared; a nurse came running after him and grabbed the old man.

She said, **‘I am so glad I caught him’** and told that he was mad.

Suddenly he realized that it wasn’t the money, real or imagined which turned his life around but it was his new found self-confidence that gave him power to achieve anything he went after.

Self-confidence is the key to success or the first-step to success. If person has self confidence, he has won half the battle. Those people who have self confidence appear to be on the top. Everything seems to go right for those people and they present themselves in a calm, collected and successful manner in everything they do. So, start believing in yourself, all on that belief, you will start building self confidence in your life.

With this I would like to conclude by saying a famous quote

**“When I was a kid, my mother told me if you can’t be a good loser, you can’t be a good winner. If you can’t take criticism then you don’t deserve the praise.”**

(Thanking You)
