

“Teacher’s Day”

Good morning to one and all present here. Today I Deependra Yadav of Class 6-A speak on the topic **‘Teacher’s Day’**.

Teacher’s day in India is celebrated every year on 5th September that is today honors the contributions of the teachers in our study, society and country. There is a great reason behind celebrating the teacher’s day on 5th September. 5th of September is the birth anniversary of a great person named, Dr. Sarvapalli Radha Krishnan. He was highly devoted towards education and well known as the scholar, deployment, president of India and most importantly a Teacher.

Once, when he becomes an Indian President in 1962, some students requested him to allow them to celebrate his birthday on 5th of September. He said that, instead on celebrating 5th of September as my birthday personally, why not, it is celebrated as Teacher’s day as my dedication towards the teaching profession. After his statement, 5th September has been started celebrating as a Teacher’s Day all over the India.

As we all know that our teachers play a great and most important role in our lives. They helps us to improve our knowledge, skill, confidence as well as they shape us in the right shape to get success. So we too have some responsibilities towards our loyal teachers.

We all as an obedient student need to do a heartily welcome and say them wishful thanks for their selfless services of teachings all through the life as well as shaping the life of various students.

-----Thank You-----
